

**360 CONNECT**

Assist Friends & Family  
Anytime Anywhere

360 Connect is designed for you to provide timely assistance to beloved ones, helping them to solve PC issues regardless of the distance. With 360 Connect, you can take care of them anytime, anywhere.

# Company Vision

“We believe Security should be free to all Internet users”

Nowadays cyber crimes are a real threat to home users and computer security has become a necessity to everyone connected to Internet. As a leading Internet Security, we understand the challenges and requirements for each computer user. It is our belief that security should be accessible to everyone and that is why we aim to make our products more user-friendly and time-saving rooted in our expertise in this field.

9 Billion

Our company is traded on Nasdaq  
and valued at 9B USD

516 Million
